 If Yes, brief description: ____.

Issues Discussed ☐101 ☐112 ☐102 ☐103 ☒Others
 (For each of the checked box(es) above, please describe below the issue and detailed description of the discussion)

Claim(s) discussed: Claims 9, 12 and 13

Identification of prior art discussed: ____.

Substance of Interview

(For each issue discussed, provide a detailed description and indicate if agreement was reached. Some topics may include: identification or clarification of a reference or a portion thereof, claim interpretation, proposed amendments, arguments of any applied references etc...)

The Applicant agreed to amend claim 9 to clearly define the functions of the despreading processing which includes code tracking, phase tracking and frequency tracking components. The limitation of FLL is also added to give antecedent basis for claims 12 and 13.

Applicant recodation instructions: It is not necessary for applicant to provide a separate record of the substance of interview.

Examiner recodation instructions: Examiners must summarize the substance of any interview of record. A complete and proper recodation of the substance of an interview should include the items listed in MPEP 713.04 for complete and proper recodation, including the identification of the general thrust of each argument or issue discussed, a general indication of any other pertinent matters discussed regarding patentability and the general results or outcome of the interview, to include an indication as to whether or not agreement was reached on the issues raised.
